TONOPAH DAILY BONANZA

Today's Silver
Quotation, 52 7-8

VOL. X. NO. 70

TONOPAH, NEVADA, SATURDAY EVENING, JULY 15, 1911.

PRICE 10 CENTS.

SLOT MACHINE OWNERS MUST PAY A LICENSE

Sheriff Has Orders to Collect \$20 a Quarter From All Nickel in the Slot Machines---Attorney General Gives Opinion on Subject.

The sheriff is after the nickel-in-the-slot machines. These instruments of accepting change have been immune from taxation since the gambling law went into effect, as the status of the machines had to be decided, whether they were gambling or lawful trade. The attorney-general renders the following opinion on the licensing of slot machines:

Your second request for an opinion relates to the amount of license, if any, which the several county license collectors throughout the state, should demand and collect from each person who is permitted to operate a slot machine for merchandise premiums, from the opinion heretofore rendered by this of-

fice, upon the question of operating nickel-in-the-slot machines, under date of February 21, 1911, the question of a license being required was not considered or passed upon in that opinion. . . . It is the duty of all officers to see that . . . all persons desiring to operate nickel-in-the-slot machines for merchandise premiums shall first procure a license from the proper county official, granting the right to operate such machines, upon the payment of \$20 for each machine and device."

The sheriff's office gives out the information that all stores and saloons using slot machines will be compelled to pay this license or the machine must be taken down. This will be demanded immediately.

SENATE MAY VOTE ON RECIPROCITY JULY 20TH

**TEST VOTE SHOWS FRIENDS OF
CANADIAN MEASURE ARE
IN CONTROL.**

WASHINGTON, July 15.—It is predicted among leading senators representing all shades of political belief that a vote will be reached on the reciprocity bill before the close of the week beginning July 17. The best judgment seems to be that the vote will be taken by unanimous agreement somewhere about July 20. This program, if adhered to, indicates an adjournment of congress probably as early as August 1. Everybody, insurgents included, seems anxious to get away from the terrific heat in Washington.

Substantial progress will be made by finally disposing of the Cummins amendments and the Simmons amendment. Those amendments greatly enlarge the free list in the Canadian reciprocity bill. They will be voted down. Under the unanimous agreement of yesterday, the vote will be taken before adjournment today.

Senator La Follette is expected to be the feature of the senate session during most of the week, beginning Monday. He has prepared a most elaborate plan of tariff revision downward, with the purpose of having each particular item considered independently, and so far as possible a record vote on each and all.

Friends of Canadian reciprocity demonstrated yesterday on the first test vote that has been had that they are in complete control of the situation and will be able to vote down all amendments and pass the bill in the form in which it came from the house, and probably by a vote of more than 2 to 1.

PHYSICIAN'S LETTER.

A western physician received the following from a brother physician: "Dear Dock: I have a pashunt whose physical signs shows that the windpipe has ulcerated off and his lungs have dropped into his stomach. I have given him everything without effect; his father is wealthy, honorable and influential, as he is a member of the assembly and god knows I don't want to lose him. What shall I do? Answer by return mail. Yours frat, "DOC TISHBEIN."

HE'S STILL DOING.

"What does your father do for a living, my son?" asked the kind old lady. "Time just now," replied the youngster, "but he used to do everybody—New York Times.

NEWTON, COUNSEL FOR CRIPPEN, FOUND GUILTY

**CONDUCT IN DEFENSE OF WIFE
MURDERER WAS UNPROFES-
SIONAL IT IS SAID.**

LONDON, July 15.—Arthur Newton, who was found guilty of professional misconduct in his defense of the wife murderer, Dr. Hawley Crippen, by a committee of the Law society, was yesterday suspended from practice for one year and ordered by the divisional court to pay the costs of the inquiry.

Newton was alleged to have abused his privilege as a lawyer by aiding and abetting Horatio W. Bottomley, editor of a weekly publication and member of parliament for the south division of Hackney to publish false statements regarding the case and also to have aided the Daily Chronicle to give publicity to similar untruths.

Justice Darling in announcing the decision said that the case had disclosed the gravest state of affairs, absolutely inconsistent with public advantage. Crippen, he said, was not defended as he should have been, with a view purely to his defense.

The case had been conducted largely for the purpose of making copy for the newspapers, which subscribed money for the defense. That a solicitor should lend himself to such practice was a very grave offense, the justice said, and he added that in his opinion the newspapers connected with the affair deserve punishment equally with Newton. Newton gave notice of an appeal from the judgment of the court.

ORE SHIPMENTS DURING THE PAST WEEK

Mines.	Tons.
Tonopah Mining	3200
Belmont	2250
Montana	890
Extension	980
Midway	50
Total	7370
The estimated value of this tonnage is \$184,250.	

GREAT REDUCTION IN DRY GOODS AND CLOTHING

Readers of the Bonanza will find on another page of this issue a large ad for the McKim store. If you will examine the prices contained therein you will note that they cannot be beat in any of the big sales in the cities. Work shirts are quoted as low as 40 cents and everything in the store is in proportion.

James Morris was a passenger this morning for coast points, where he will spend a six weeks' vacation with his family.

FRANK HART IS GRANTED PAROLE BY PRISON BOARD

Man Who Drugged and Robbed Woman In This City Is Granted Clemency---Citizens Censure the Board As Crime Was Cold Blooded and Man of Very Bad Reputation.

A great deal of surprise was expressed in this city when news was received that the board of pardons had granted a parole to Frank Hart, to take effect October 15. It will be remembered that Hart was sentenced to the state prison for robbing and drugging Lillian Kirk, or Mrs. B. M. Venault.

The victim of Hart was a beautiful woman, in good health, and had many diamonds. She was drugged and robbed of her jewelry, and afterwards died a lingering death from the effect of the drug. Hart and a woman accessory were convicted of the crime. Hart received 10 years and the woman a light sentence, which she has now served. Many at the time thought the sentence too light.

It will also be remembered that at about this time two teamsters,

Bernier and Keeman, were murdered in cold blood while they lay in their blankets in a corral in the lower part of town. The murder was committed to secure money which the men had on their persons, and if the perpetrators could have been apprehended nothing could have prevented a lynching. Suspicion was attached to Hart and McCabe, the latter a local policeman at the time. No indictments were ever returned. Hart finally was convicted for another crime and McCabe departed for pastures new.

Local people censure Governor Oddie and Attorney General Baker for this clemency granted to Hart, as both these gentlemen, as residents of this city, where both the crimes were committed, must have been conversant with the facts of the crime for which the man to be paroled is doing time.

LAS VEGAS WANTS TO PLAY BALL IN TONOPAH JULY 23

**TELEGRAM RECEIVED TODAY
ASKING FOR TWO BASE-
BALL GAMES.**

Manager Dugan, of the local baseball team, received a telegram from Las Vegas this morning asking that Vegas be given two games in this city on July 22 and 23, next Saturday and Sunday.

The manager asks for \$300 expense money and a division above expenses of 60 and 40 per cent. If the citizens wish to secure these games it would be a good idea to guarantee the local boys that a large crowd would be in attendance at both games.

The Vegas manager promises a return game in September, stating that no baseball was being played there at present on account of the weather being so warm that even the devil refused to umpire.

SMALL BLAZE CALLS OUT DEPARTMENT

The fire department was called out a little before 11 o'clock this morning by a small blaze near the high school. The cause of the fire was the heating of some paint on a gas stove, the paint catching fire. No damage to property resulted, but the lady of the house was slightly burned in extinguishing the fire.

PREBYTERIAN CHURCH SERVICES FOR SUNDAY

Presbyterian church, St. Patrick street—The Sunday evening service at 7:45; subject, "The Power of a Pardoned Life." Y. P. S. C. E. meeting at 6:45 p. m.; Bible school meets at 9:45 a. m. Morning preaching service at 11 a. m. A most cordial welcome awaits you at all of the services of the church. Herman L. Burnham, minister.

Both the Montana and Slavonian tug of war teams are practicing each evening with picked teams pulling against them. The teams will keep this up until the day of the match, July 30. Quite a bit of money is being wagered on the side besides the \$1000 apiece that will be put up by the teams. In weight there is not much difference and it is expected the contest will prove one of the most interesting that has ever been held in this city.

BUTLER GIVES FINE SHOW LAST EVENING

**LARGE CROWD FILLED HOUSE
LAST NIGHT—GOOD PRO-
GRAM TONIGHT.**

A large crowd attended the Butler theater last evening and they all enjoyed a splendid show. "The Battle Hymn of the Republic" was the feature film and it certainly was one of the best subjects ever shown here. Owing to having to return it to Salt Lake today it can not be shown again. However, owing to the many requests to reproduce it again, we will do so in about two weeks. For tonight's performance we will have a splendid program. The Priny Sisters will be heard in songs and dances and the program of pictures will be: "She Got the Money," (comedy); "The Reporter," (comedy); "Scenes from Our Navy," (scene); "The Cat Came Back," (comedy), and a feature war story entitled "The Little Rebel." For tomorrow afternoon a free matinee to all the children will be given. Souvenirs will be given those attending.

WILY CHARGES TO BE PROBED

**SEARCHING INVESTIGATION TO
BE MADE IN THE NEAR
FUTURE.**

WASHINGTON, July 15.—A congressional investigation into the charges against Dr. Wily, the government "food expert," was agreed upon yesterday by a majority of the house committee on expenditures of the agricultural department.

BURNS ADMITS SUSPECTS ARE NOT ON BRITISH SOIL

LONDON, July 15.—The American detective, William J. Burns, who came here some weeks ago, it is thought, in connection with the explosion at the plant of the Los Angeles Times, left Bristol on the Royal George for Montreal. Burns expressed the opinion that the Los Angeles suspects, David Caplan and Milton A. Schmidt, are not here.

TO TRY TO ORGANIZE SUNDAY BASEBALL AND CONCERTS

An Effort On Foot to Get the Local Boys to Organize Two Baseball Teams and to Have the Band Boys Join In the Promotion.

Tonopah baseball fans have been making suggestions to furnish amusement in that line on Sundays, and one plan that is under consideration, and seems to meet with favor, is that two local teams be organized. One team to be captained by Spencer and the other by Prout and games be scheduled for Sunday afternoons.

The plan would be to have the band join in the promotion and a gate charge of 25 cents to adults and children free, the proceeds,

minus expenses, to be divided with the band boys and the winning ball team.

This would furnish a band concert at the park and the division of the gate receipts to the winning ball team would make the boys play ball and guarantee that there would be no "horse play."

Tonopah has plenty of material for two nines. The games would keep them all in practice and furnish fun for the fans, and would also help the band boys to keep together.

POLITICAL POWER OF THE CAMORRA

**FABRONI MENTIONED NAMES
WITH BOLDNESS—COURT
CAUTIONED HIM.**

VITERBO, Italy, July 15.—Capt. Fabroni, who, if not the star witness for the crown, has at least made the accused Camorrist more uncomfortable than they have been made at any other period of the trial, yesterday went deep into the political influence of the Camorra and mentioned names with a boldness that caused the judge to caution him to be moderate in his statements.

The witness replied: "I must say all and give an exact picture of the prevailing atmosphere in order to strike a deadly blow at this criminal organization."

Fabroni, in the guise of a clerk of the ministry of justice, devoted years to learning the alleged connection between the Camorra and the Neapolitan judiciary.

Along this line he said in substance:

"The Camorrist has no political aims. He exploits the elections and the elected for gain. The leaders distribute bands throughout the town and they have recourse to violence to obtain the vote of the electors for the candidates whom they have determined to support."

"Those who refuse to vote as instructed are beaten, slashed with knives or kidnaped. All this is done with assurances of immunity as they will have the protection of successful politicians who realize that they cannot be chosen to office without paying toll to the Camorra."

RICHEST STRIKE IN STATE'S HISTORY

At 4 o'clock yesterday afternoon the vein on the Adamson-Turner property, on Winnemucca mountain, from which the phenomenally rich high-grade was taken near the surface, was broken into at the end of the 250-foot tunnel, at a vertical depth of 100 feet. A car of ore was taken out after the shot which was nearly half gold, and from samples brought in by W. G. Adamson, it is estimated that it will run fully \$100,000 to the ton. On the upper workings the vein is from six to ten feet wide, but it will probably be several days before the width on the 100-foot level can be determined.

The ore, however, does not carry uniform values, and it will be carefully sorted, the richest to be handled at the company's plant here and the balance shipped to the smelter.—Silver State.

SEATTLE, Wash., July 15.—Fire destroyed the Fairmount hotel, Ninth avenue and Pike street, and the Airey apartments, a similar three-story structure last night. The occupants escaped. Loss is estimated at \$100,000.

WOMAN MAL HAVE TO TELL STORY

**MRS. McMANIGAL TO BE GIVEN
LAST OPPORTUNITY TO RE-
PLY TO QUESTIONS.**

LOS ANGELES, Cal., July 15.—An effort to have Mrs. Orlie E. McManigal, wife of the alleged self-confessed dynamiter, answer in open court the questions she refused to answer before the grand jury, will be made today by the prosecution in the case of John J. and James B. McNamara, alleged dynamite plotters.

It is said at the district attorney's office if Mrs. McManigal could not satisfy the court that she had a right to refuse to answer questions, efforts would be made to impose a jail sentence upon her as a punishment.

LOS ANGELES, July 15.—Judge Bordwell yesterday set October 10 as the date for trial of the McNamara brothers on the first of the 19 indictments for murder found as a result of the explosion which wrecked the Times building.

"INDIAN IKE" SELLS RICH GOLD MINE

"Indian Ike," accompanied by his squaw, Annie Chumbar, came to Winnemucca yesterday for the purpose of closing a deal for the sale of his rich gold mine in the Humboldt range. The property was transferred to John M. Wright, of San Francisco, at a price not made public, but a substantial cash payment was made, the balance due in September.

Although it is not known how much Ike received for his property, it was no doubt a sufficient sum to make him the richest Indian in Nevada and to place him in the ranks of the Indian princes of Oklahoma and the Indian Territory.—Silver State.

STRIKERS AND THE POLICE FIGHT IN CITY STREETS

SARAGOSA, Spain, July 15.—Thirty persons were injured during encounters between strikers and police guards in the streets of the city last night. Strikers, armed with revolvers, attacked the police, and the city was thrown into a state of terror. All shops are closed, and a state of siege will probably be proclaimed.

NEW CHINESE CRUISER LAUNCHED IN ENGLAND

LONDON, July 15.—The first cruiser of China's modern navy was launched at Hays Barrow yesterday. It is a small ship of 2100 tons, equipped with turbines and has a speed of twenty knots. The largest guns are six-inch.
